### **Introduction**

These pages explain the purpose of this Zoning By-law and how it should be used. These pages do not form part of the Zoning By-law passed by *Council* and are intended only to make the Zoning By-law more understandable and easier to reference.

### **Purpose of This Zoning By-law**

The purpose of this Zoning By-law is to implement the policies of the Town of Milton Official Plan. The Official Plan contains general policies that affect the *use* of land throughout the municipality. These policies specify where certain land *uses* are permitted and, in some instances, specify what regulations should apply to the development of certain lands.

The Official Plan is a general document that is not intended to regulate every aspect of the built-form on a private *lot*. In the Province of Ontario, this is the role of the Zoning By-law. Once an Official Plan is in effect, any Zoning By-law passed by *Council* must conform to the Official Plan. For example, if the Official Plan stated that lands in the vicinity of a significant natural feature are to remain in their natural state, the Zoning By-law would prohibit the erection of *buildings* or *structures* on those lands.

The statutory authority to *zone* land is granted by the Ontario Planning Act. The Planning Act specifies what a By-law can regulate. A Zoning By-law can:

- prohibit the *use* of land or *buildings* for any *use* that is not specifically permitted by the By-law;
- prohibit the erection or siting of *buildings* and *structures* on a *lot* except in locations permitted by the By-law;
- regulate the type of construction and the *height*, bulk, location, size, floor area, spacing, and *use* of *buildings* or *structures*;
- regulate the minimum *frontage* and *depth* of a parcel of land;
- regulate the proportion of a lot that any building or structure may occupy;
- regulate the minimum elevation of doors, windows or other openings in *buildings* or *structures*;
- require parking and loading facilities be provided and maintained for a purpose permitted by the By-law; and,

- prohibit the *use* of lands and the erection of *buildings* or *structures* on land that is:
  - subject to flooding;
  - the site of steep slopes;
  - rocky, low-lying, marshy or unstable;
  - contaminated;
  - a sensitive groundwater recharge area or head water area;
  - the location of a sensitive aquifer;
  - a significant wildlife habitat area, wetland, woodland, ravine, valley or area of natural and scientific interest;
  - a significant corridor or shoreline of a lake, river or stream; or,
  - the site of a significant archaeological resource.

### **How to Use This By-law**

In order to reference this By-law most easily, a property owner should follow each of the steps listed below to determine what permissions apply to their particular property.

#### **1. Locate the Property on a Map**

Maps in a Zoning By-law are called 'Schedules'. The first step to using this By-law is to refer to the *zone* schedules that are contained at the back of the By-law to determine in which *zone* category your property is located. The *zone* category will be indicated on the schedules by a colour and in some cases a symbol or abbreviation. For example, you may see a light shade of yellow colour with a symbol such as "RLD" beside your property. This would indicate that your property is within the 'Residential Low Density' *Zone*. The *zone* symbols or abbreviations are explained on the first page of Section 2 of the By-law.

Section 2 also provides assistance to help you identify the *zone* boundaries on the Schedules. For example, if your property appears close to a *zone* boundary and you are not sure how to determine exactly where that boundary is located, refer to Section 2.4 of the By-law.

#### **2. By-law Amendments**

A Zoning By-law is not a static document; it is amended over time as demands and policies governing land *use* change. Before proceeding any further, you should verify that your property is not the subject of an earlier Zoning By-law amendment. These amendments are listed in the Special Provisions Section of this By-law. More recent amendments may not be included in the version of the By-law you are using. Staff in the Town's Planning Department will be able to assist you to confirm if your property has been subject to a more recent By-law amendment.

#### **3. Zone Provisions**

The next step to using this By-law is to determine what *uses* are permitted on your property. Sections 6 to 12 of the By-law identify the permitted *uses* and *zone* standards for each *zone* in the municipality.

The definitions in Section 3 can assist you if you are not sure of the nature of a permitted *use* or how it has been defined for the purposes of this By-law. Words that are defined in Section 3

are *italicized* throughout the By-law. If a word is not italicized, it is not specifically defined. *Uses* which are not identified as permitted *uses* within a particular *zone* are not permitted in that *zone*.

You have now identified the *zone* in which your property is located and have identified what *uses* are permitted on your property. The next step is to determine what standards may apply to the *uses* on your property. Sections 6 to 12 of the By-law also identify the *zone* standards for each of the *zone* categories in the municipality including standards for minimum *lot area*, minimum *frontage* requirements, minimum *yard* requirements, maximum *lot coverage* for *buildings*, maximum permitted *height of buildings* and in some cases, the minimum required *landscaped open space* on the *lot*.

#### **4. General Provisions**

Now that you are aware of the *uses* permitted on your property and the specific *zone* standards that apply to those *uses*, reference should be made to Section 4 of this By-law. Section 4 contains a more generic set of standards known as 'General Provisions' that apply to all properties in all *zones* throughout the municipality. For example, the general provisions contain standards that regulate the location of *accessory structures* on a *lot*, *height* exceptions, and *non-conforming/non-complying uses* that apply to all properties regardless of where in the municipality a property is located.

#### **5. Parking and Loading**

There is one final section of the By-law that should be consulted when determining what permissions apply to your specific property. Section 5 provides the parking and loading requirements for all *uses* permitted in the municipality. If you are considering changing the *use* of your property or adding a new *use* to your property, you should review Section 5 to ensure that you are aware of the parking requirements for the proposed *use*.

#### **6. Explanatory Notes**

A series of drawings are provided in the back of this document to assist the reader in interpreting the Zoning By-law provisions. These drawings are for illustration purposes only and do not form part of the actual By-law.

What are *Legal Non-Conforming* and *Legal Non-Complying* For The Purposes Of This By-law?

A *legal non-conforming use* is a *use* of land and/or *building* that legally existed on the date that a prohibiting By-law came into effect under the Planning Act. To be legal, the *use* must have been permitted on the lands in the zoning by-law that was in effect before the prohibiting By-law came into effect. Alternatively, if the *use* has existed on the lands for a considerable number of years, the *use* may be *legal non-conforming* if it was legally established before the first By-law for the Town of Milton or the By-law for the original Township was passed.

A legal non-complying *building* or *structure* is a *building* or *structure* that was legally erected in a location prior to a prohibiting By-law coming into effect under the Planning Act. To be legal, the location of the *building* or *structure* must have been authorized on the lands in the zoning by-law that was in effect at the time the building or structure was erected. Alternatively, if the *building* or *structure* existed on the lands for a considerable number of years, the *building* or *structure* may be legal if it was legally erected before the first by-law for the Town of Milton or the by-law for the original Township was passed.

**Description of By-law Components**

This By-law contains fifteen sections, which together, provide the land *uses* and standards applicable to all lands within the municipality. These sections are as follows:

<b>SECTION</b>	<b>TITLE</b>
Section 1	Interpretation and Administration
Section 2	Establishment of <i>Zones</i>
Section 3	Definitions
Section 4	General Provisions
Section 5	Parking and Loading
Section 6	Residential Zone Provisions
Section 7	Commercial Zone Provisions
Section 8	Employment Zone Provisions
Section 9	Institutional Zone Provisions
Section 10	Rural Zone Provisions
Section 11	Greenlands Zone Provisions
Section 12	Future Development Zone Provisions
Section 13	Special Provisions, Holding Provisions, Temporary Use Zones & Interim Control Zones
Section 14	Enactment

The purpose of each of these sections is described below.

## **Section 1 – Interpretation and Administration**

This section of the By-law specifies:

- what lands are covered by the By-law;
- that every parcel of land in the area covered by the By-law is to conform and comply with the By-law; and,
- what penalties can be levied against a person or a corporation if they contravene any provision in the By-law.

## **Section 2 - Establishment Of Zones**

This section establishes the *Zones* that apply to the lands covered by the By-law. This section also describes how to determine the location of the *Zone* boundaries on the schedules.

## **Section 3 - Definitions**

It is necessary to define words in a Zoning By-law because it is a legal document. A By-law must be drafted so that it can be enforced in a court of law. These definitions will help provide clarity in the By-law and ensure that the By-law and its intent are applied consistently.

## **Section 4 - General Provisions**

This section contains a number of regulations that apply to certain types of *uses*, *buildings* or *structures* regardless of where in the municipality or in what *zone* they are located. For example, this section contains provisions dealing with the construction of *decks* in any *zone*, or provisions to regulate the operation of home industries.

## **Section 5 – Parking and Loading**

Parking and loading facilities are required for almost all *uses* within the municipality. This section provides the requirements for these facilities including such regulations as the number of spaces required for residential and commercial *uses*, minimum *driveway* width, minimum *parking space* size and the location of parking facilities on a *lot*.

## **Sections 6 to 11– Zone Provisions**

Sections 6 to 11 identify the *uses* that are permitted in each *Zone* category. The effect of these *Zones* is to only permit certain *uses* in various parts of the municipality. The only *uses* permitted in a *zone* are those that are specified in the By-law. If a *use* is not specifically mentioned as a permitted *use* in a *Zone* then it is not permitted. Similarly, if a *use* is defined in Section 3.0 of the By-law but does not appear as a permitted *use* in any *zone*, then it is not a *use* permitted by the By-law.

Sections 6 to 11 also contain a number of regulations that control the placement, bulk and *height* of a *building* on a *lot*. This includes regulations such as minimum *lot* size, minimum *frontage*, maximum *building height* or the maximum coverage of a *building* on a *lot*.

Finally, these sections contain a listing of property specific exceptions to the By-law that have been granted by *Council* for individual or groups of properties. For example, the minimum *front yard* in a *zone* may be 7.5m. The required *front yard* may be reduced to a lesser number if deemed appropriate and the mechanism to accomplish this reduction is by amending the By-law and excepting the property from the general standard. Exceptions are denoted on the *Zone Schedules* by the *Zone* symbol designating certain lands followed by a star and a number, for example RLD\*1.

### **Section 12 – Future Development Zone**

This section identifies lands which have no immediate development potential, however the lands indicated by this *zone* will ultimately be rezoned to permit some form of urban development in the future once the required secondary plans and development plans among other matters have been approved.

### **Section 13 – Special Provisions**

This Section provides a consolidated list of properties that are subject to Special Provisions, Holding Provisions, Temporary *Use Zones* and Interim Control By-laws.

### **Section 14- Enactment**

This section contains the signatures of the Mayor and the Clerk who signed the By-law when it was passed by *Council* in accordance with Section 34 of the Planning Act, R.S.O. 1990 c.P. 13.

**THE CORPORATION OF THE TOWN OF MILTON**

**BY-LAW NUMBER – 144-2003**

A BY-LAW TO IMPLEMENT THE 1997 OFFICIAL PLAN AND REPEAL BY-LAW 61-85, EXCEPT AS IT APPLIES TO 1003 DERRY ROAD EAST, 3 MILL STREET, 11 MILL STREET AND 2 VICTORIA STREET.

**WHEREAS** the *Council* of the Corporation of the Town of Milton wishes to ensure that the 1997 Official Plan is appropriately implemented by a by-law passed under Section 34 of the Planning Act, R.S.O. 1990, c.P. 13 as amended;

**AND WHEREAS** the administration of planning in the Town will be greatly improved in the Town as a result of the passage of a new Comprehensive Zoning By-law;

**AND WHEREAS** the *Council* of the Corporation of the Town of Milton has carefully considered all public comments throughout the process;

**AND WHEREAS** it is now deemed desirable and in the public interest to adopt a new Comprehensive Zoning By-law;

**NOW THEREFORE**, the *Council* of the Corporation of the Town of Milton hereby enacts as follows:

## SECTION 1 INTERPRETATION AND ADMINISTRATION

---

---

### 1.1 TITLE

This By-law may be referred to as the “Town of Milton Zoning By-law” and applies to all lands within the Town of Milton with the exception of lands within the Niagara Escarpment Plan Area, which are subject to development control administered by the Niagara Escarpment Commission pursuant to the Niagara Escarpment Planning & Development Act and lands municipally known and described as follows.

- 1003 Derry Road East (Concession 8 NS, Part Lot 11);
- 3 Mill Street (Martin Survey Block 2, Part Lots 3 & 4);
- 11 Mill Street (Martin Survey Block 2, Part Lots 3, 4 & 5); and,
- 2 Victoria Street (Martin Survey Block A, Part Lots 6 & 7);

### 1.2 ADMINISTRATION, DELEGATION AND INSPECTION (076-2010)

- i) This By-law shall be administered by the Chief Building Official of the Town of Milton or his or her designate;
- ii) Where the Chief Building Official or his or her designate has reason to believe that any person has used land or erected or used any *building* or *structure* in contravention of this By-law he or she or his or her designate, may at any reasonable hour enter and inspect any land or *building* or *structure* in respect of which it is believed the contravention is occurring;

### 1.3 CONFORMITY AND COMPLIANCE WITH BY-LAW (109-2004)(104-2008)(156-2009)(076-2010)(059-2019)(057-2022)

No person shall use, effect or alter any lands, *buildings*, and *structures* unless the use, land or *building* defined or otherwise, is specifically permitted in accordance with the provisions of this By-law.

Notwithstanding the foregoing, the following By-laws shall not be applied to any Site Plan or Building Permit application received by the Town prior to the passing of these By-laws:

- 156-2009

No change may be made in the type of use of any land, *Building* or *Structure* within any zone category without first having applied for and obtaining a Certificate of Occupancy (Zoning) from the Chief Building Official or his or designate to the effect that the proposed use is not contrary to this By-law. Notwithstanding the above, no Certificate of Occupancy (Zoning) shall be required by a *Public Authority* or for any type of *dwelling unit* with the

exception of *Bed and Breakfast Establishment, Cottage Industry, Retirement Dwelling, Home Industry, Home Occupation, Rooming, Boarding or Lodging Houses, Shared Housing, and Short-Term Rental.*

Nothing in this By-law shall exempt any person from complying with the requirements of any By-law in force within the Town, or from obtaining any building permit, license, permission, permit, authority or approval required by this or any other By-law of the Town or by any other law in force at the time.

#### **1.4 INTERPRETATION**

The provisions of this By-law are the minimum requirements except where a maximum requirement applies.

Nothing in this By-law shall serve to relieve any person from any obligation to comply with the requirements of any other By-law of the Town of Milton or any requirement of the Region of Halton, Province of Ontario or Government of Canada that may affect the *use* of lands, *buildings* or *structures* in the municipality.

#### **1.5 BUILDING PERMITS**

The requirements of this By-law must be met before a *Building Permit*, *Certificate of Occupancy*, or approval of an application for a municipal license is issued for the *use* of land or the *use*, erection, addition to or alteration of any *building or structure*.

#### **1.6 ENFORCEMENT**

Any person who contravenes any provision of this By-law is guilty of an offense and upon conviction is liable to the fine(s) as provided for under the Planning Act, R.S.O. 1990, c.P. 13 as amended.

#### **1.7 SEVERABILITY**

A decision of a court that one or more of the provisions of this By-law are invalid in whole or in part does not affect the validity, effectiveness or enforceability of the other provisions or parts of the provisions of this By-law.

#### **1.8 EFFECTIVE DATE**

This By-law shall come into force the day it was passed if no appeals are received. If an appeal(s) is received, this By-law, or portions thereof, shall come into force upon the approval of the Ontario Municipal Board and in accordance with the provisions of the Planning Act as amended.

**1.9 REPEAL OF FORMER BY-LAWS**

Save and except with respect to the lands municipally known and described as follows.

- 1003 Derry Road East (Concession 8 NS, Part Lot 11);
- 3 Mill Street (Martin Survey Block 2, Part Lots 3 & 4);
- 11 Mill Street (Martin Survey Block 2, Part Lots 3, 4 & 5); and,
- 2 Victoria Street (Martin Survey Block A, Part Lots 6 & 7).

By-law 61-85 of the Town of Milton and all Amendments to By-law 61-85 are hereby repealed.

---

---

## SECTION 2 ESTABLISHMENT OF *ZONES*

---

---

### 2.1 **ZONES**

The Provisions of this By-law apply to all lands within the limits of the Town of Milton. ## 2.2 ZONE SYMBOLS

The *Zone* symbols may be used to refer to *lots, buildings and structures* and to the *use of lots, buildings and structures* permitted by this By-law.

## 2.3 ZONES AND ZONE BOUNDARIES (109-2004)

The *Zones* and *Zone* boundaries are shown on Schedule A that is attached to and forms part of this By-law.

## 2.4 DETERMINING ZONE BOUNDARIES

When determining the location of *zone* boundaries as shown on any Schedule forming part of this By-law, the following provisions shall apply:

- i) a boundary indicated as following a highway, *street*, *lane*, railway right-of-way, utility corridor, wetland or watercourse, shall be the edge of such highway, *street*, *lane*, railway right-of-way, utility corridor, wetland, or the greater of the stable top of bank or Regional Storm Floodline of a watercourse. In the case of a wetland or a watercourse, the *Conservation Authority* having jurisdiction shall determine the boundary;
- ii) a boundary indicated as following a shoreline shall follow such shoreline, and in the event of change in the shoreline, the boundary shall be construed as moving with the actual shoreline;
- iii) a boundary indicated as following *lot lines* shown on a registered Plan of Subdivision, or the municipal boundaries of the Town of Milton shall follow such *lot lines*;
- iv) where a boundary is indicated as running parallel to a *street line* and the distance from the *street line* is not indicated, the boundary shall be deemed to be parallel to such a *street line* and the distance from the *street line* shall be determined according to the scale shown on the Schedule;
- v) where a *lot* falls into two or more *Zones*, each portion of the *lot* shall be used in accordance with the provisions of this By-law for the applicable *Zone*;
- vi) where none of the above provisions apply, the *Zone* boundary shall be scaled from the legally approved Schedule(s); and,
- vii) Notwithstanding v) above, where a *lot* or portion thereof is *zoned* in the Zoning By-law as Natural Heritage System *Zone* (NHS), and where the *Conservation Authority* having jurisdiction has:
  - a) determined that a *lot* or portion thereof is located outside of any regulated area and have confirmed that a Permit or permission is not required from the *Conservation Authority* for the *use*, erection, construction, or alteration, of any land, *building*, or *structure*, OR;
  - b) determined that a *lot* or portion thereof is located within the *Conservation Authority's* regulated area and has issued a permit for the *use*, erection, construction, or alteration, of any land, *building*, or *structure*;

The uses and provisions of the adjacent Zone designation on the same lot shall apply; or where a lot is wholly zoned Natural Heritage, and listed in the Table below, the indicated zone provisions shall apply to the lot. In addition, where a permit has been issued by the Conservation Authority the provisions as set out in the permit shall apply and shall supersede the zoning provisions, where more restrictive.

## 2.5 OVERLAY ZONES

Where a *zone* symbol on the schedules to this By-law is followed by the suffix '(SPA)', the provisions and regulations applicable of the underlying *zone* shall continue to apply, subject to the approval of the appropriate *Conservation Authority*.

## 2.6 SITE SPECIFIC ZONES

Where a *Zone* symbol on the attached schedule(s) is followed by a star and a number, such as \*17, the star and number(s) symbol refers to a site-specific exception that applies to the lands noted. Site-specific exceptions are organized numerically and are listed in Section 13 of this By-law.

## 2.7 HOLDING ZONES

Notwithstanding any other provision in this By-law, where a *Zone* symbol is followed by the letter (H), no person shall use the land to which the letter (H) applies for any *use* other than the *use* which existed on the date this By-law was passed, until the (H) is removed in accordance with the policies of the Official Plan and the provisions of this By-law, as amended and/or the requirements of any amending By-law and the Planning Act, as amended.

## 2.8 DEFINITIONS

For the convenience of the reader, all words that are italicized are defined in Section 3.0 of this By-law.

## 2.9 REFINEMENT OF ZONE BOUNDARIES

Upon registration of a plan of subdivision, technical revisions to the By-law mapping will be implemented as required in order to ensure that the *zone* boundaries coincide with the *lot* and block fabric of the registered plan.

13.0m measured from the uppermost point of the tower or antenna to the *established grade* of the ground on which the *structure* is located.

**4.5 FENCES** (105-2009)(96-2010)

*Fences* and walls are permitted in all *zones* provided:

- 4.5.1 For all non-residential *zones* the maximum *fence height* shall be 3.0m with the exception of fencing necessary for the development and safety of playing fields, where no height restriction shall apply.
- 4.5.2 For all residential *zones* the following provisions apply:
- i) Within an *exterior side yard, interior side yard* or *rear yard*, the maximum *fence height* shall be 2.0m;
  - ii) Notwithstanding i) above, fencing around the perimeter of decks is permitted to a maximum height of 1.5 m from deck level and to a maximum of 60% of the perimeter of the deck, including the wall of the house;
  - iii) Within a *front yard*, the maximum *fence height* shall be no higher than 1.0m except that where a *front yard* adjoins the *rear yard* of a *corner lot* the maximum *fence height* along the common property boundary may be no higher than 2.0m;
  - iv) *Fence height* shall be measured vertically from *grade*, exclusive of any artificial embankment, to the highest point of each 3.0m section of *fence*, excluding decorative post caps and mechanical devices directly associated with the opening and closing of a gate; and,
  - v) Where the *grade* elevations along the *fence* vary, maximum *fence height* may increase to 2.3m provided that the lowest *height* of the same 3.0m fence section does not exceed 2.0m in *height*.
- 4.5.3 *Fencing* for the purpose of enclosing a tennis court is permitted to a maximum *height* of 3.0m.
- 4.5.4 Where a *lot line* of a non-residential zone abuts a *lot line* of a residential zone, the permitted *fence height* may be increased to the non-residential *fence height* standard for such mutual *lot line*.
- 4.5.5 No *fencing* shall be constructed within a *daylighting triangle* or *daylighting radii* as required by this By-law.
- 4.5.6 Noise barriers and *fencing* required by a *public authority* shall not be subject to the provisions of this By-law.

**4.6 FRONTAGE ON A STREET (104-2005)(104-2008)(96-2010)**

Requirements Pre-Requisite to Erecting, Using or Occupying a *Building* or *Structure*

- a) Notwithstanding any other provision in this By-law, no *building* or *structure* shall be erected on a *lot* that does not have *frontage* on a *public street* or on a *private street* as described in a registered Plan of Condominium.
- b) No *building* or *structure* may be erected, used or occupied unless:
  - i) connection to the municipal water and wastewater systems has been approved by Halton Region where such services are required by the Ontario Building Code; or, where municipal service is not available, receipt of confirmation from Halton Region’s Medical Officer of Health of a potable water supply and from the Town’s Chief Building Official of a private sewage disposal system in accordance with the Ontario Building Code have been received.
  - ii)
    - a) the municipal urban *street* standard of base course asphalt is provided adjacent to the *frontage* of the *lot* and connecting the *lot* to an assumed municipal *street*; or
    - b) for *lots* serviced by a *private street* or *lane* and deemed to a be a *public street* or *lane* that existed on August 8, 2005 the existing *street* standard is provided adjacent to the *frontage* of the *lot* or connecting the *lot* to an assumed municipal *street*; or
    - c) for *lots* of record that existed on August 8, 2005, not meeting the requirements of (a) and (b) above, the existing municipal *street* standard is provided adjacent to the *frontage* of the *lot* or connecting the *lot* to an assumed municipal *street*;
  - iii) Any planned public stormwater management facilities are constructed and operational to service the *lot*;
  - iv) All planned public underground services required to be installed pursuant to i) and ii) are constructed and operational to service the *lot*;
  - v) Notwithstanding iii) and iv) above, partial *building* permits as described in the “Building By-law” may be issued;
  - vi) Notwithstanding i), ii), iii), and iv) above, permits for temporary *uses* as described in 4.19 may be issued.

#### 4.7 **SHARED HOUSING** (059-2019)

*Shared Housing* is permitted in accordance with the following:

- i) *Shared Housing* shall be permitted as a residential use where that use is permitted in the zone.

#### 4.8 **HOME OCCUPATIONS**

Where a *home occupation* is permitted, the following provisions apply:

- i) Only the resident(s) of the *dwelling unit* is/are engaged in the business and working from the *dwelling unit*;
- ii) The *use* is restricted to the *dwelling unit* and is not conducted in whole or in part in any *accessory building* except within the *Rural Zones*;
- iii) The *use* is clearly secondary to the residential *use* and does not change the residential character of the *dwelling* and *lot*;
- iv) No more than 25% of the *gross floor area* or 30m<sup>2</sup> of the *dwelling unit*, whichever is lesser, is used for the purpose of the *home occupation*;
- v) *Outdoor storage* or *outdoor display* of merchandise, material or equipment is prohibited;
- vi) There is no sale of retail goods from the *premises*;
- vii) There is no external advertising other than a sign erected in accordance with the Town of Milton Sign By-law;
- viii) Material or equipment for *use* in the *dwelling unit* for conducting the *home occupation* may be stored in an existing garage or shed, providing such garage or shed is completely enclosed and is located on the *lot* from which the *home occupation* is being conducted, and further, such storage of materials and equipment shall not occupy or utilize any required *parking spaces*;
- ix) No equipment or process shall be used which creates or becomes a public nuisance in regard to noise, odour, fumes, vibration, glare, traffic or parking nor shall it cause electrical interference or interference with telephone, television, radio or satellite equipment reception; and,
- x) Notwithstanding the above provisions, the offices of a medical practitioner, hairstylists and aestheticians shall not be permitted as *home occupations*.

#### 4.9 **COTTAGE INDUSTRIES AND HOME INDUSTRIES**

Where a *cottage industry* or *home industry* is permitted, the following provisions apply:

- iv) An *accessory building* and any associated activity area (including the parking of commercial vehicles for a *home industry*) used for the *cottage industry* or *home industry* shall be located no closer than 30.0m from any lot line;
- v) *Outdoor storage* of goods or materials related to a *home industry* is permitted in the rear yard and interior side yards only, provided that the area occupied by such *outdoor storage* of goods or materials does not exceed 25% of the *gross floor area* of the *home industry*;
- vi) Only the sale of goods that are primarily manufactured, processed, fabricated, or produced on the premises is permitted;
- vii) Not more than 1 employee, in addition to residents of the dwelling, are engaged in the business;
- viii) There is no external advertising other than a sign erected in accordance with the Town of Milton Sign By-law; and,
- ix) No more than two commercial motor vehicles engaged in the *home industry* are permitted to be parked on the lot.

#### 4.10 ACCESSORY FARM PRODUCE RETAIL OUTLET (96-2010)

A farm produce retail outlet is permitted as an accessory use to an agricultural operation in the A1 and A2 Zones provided:

- i) The building or structure containing the use does not have a gross floor area in excess of 250m<sup>2</sup>;
- ii) A minimum of 80% of the gross floor area shall be used for the sale of goods and merchandise grown or produced on the same lot. The remaining 20% of the gross floor area may be used for the sale of other items that are related to the original goods and merchandise for sale;
- iii) The display or outdoor storage of other items, other than those produced or grown on the same lot, shall be fully screened from the street; and,
- iv) Where the building or structure is greater than 20 square metres, the maximum height shall be 5.5 m and subject to the setbacks of the applicable zone for principal buildings or structures;

- v) Where the building or structure is 20 square metres or less, the maximum height shall be 3.0 m and shall be located no closer than 3.0 m to any lot line; and,
- vi) a farm produce retail outlet is permitted in any yard

#### **4.11 LANDSCAPED OPEN SPACE AND LANDSCAPE BUFFERS (12-2005)(104-2008)**

*Landscaped open space* and *landscape buffers* where required shall be provided in accordance with the following provisions:

- 4.11.1 Where a *driveway* or other access including a private rail spur line is required to extend through the *landscaped open space* and *landscape buffers*, it shall be permissible to interrupt the *landscaped open space* and *landscape buffers* for the width of such a required *driveway* or other access.
- 4.11.2 Notwithstanding the minimum *landscaped open space* requirements to the contrary, where development proceeds on the basis of individual development envelopes on a portion of the *Zone* or *lot*, the minimum *landscaped open space* required may be calculated on the basis of the area of each individual development envelope rather than on the basis of the area of the entire *lot*.
- 4.11.3 Notwithstanding any other provision of this By-law, where any *use* abuts a Greenlands A *Zone*, a 7.5 m strip of land including *landscape buffers* parallel to a Greenlands A *Zone* shall be reserved for no other purpose other than *landscaped open space*.
- 4.11.4 Notwithstanding any other provision of this By-law, *landscaped buffers* requirements shall be provided outside of any easement or *setback* required by the Ministry of Transportation (MTO).

#### **4.12 MULTIPLE ZONES ON ONE LOT**

Where a *lot* is divided into more than one *Zone*, each portion of the *lot* shall be used in accordance with the provisions of this By-law for the applicable *Zone*.

#### **4.13 NON-COMPLYING BUILDINGS AND STRUCTURES**

##### **4.13.1 Repair or Strengthening**

A *non-complying building* or *structure* that was legally established prior to the passing of this by-law may be repaired or strengthened provided that the repair or strengthening:

- does not further encroach into a *required yard*;
- does not increase the amount of *floor area* or volume in a *required yard*;
- does not in any other way increase a situation of non-compliance;
- complies with all other applicable provisions of this By-law.

#### 4.13.2 Non-Compliance as a Result of Expropriation

Notwithstanding any other provision of this By-law, where, as a result of an acquisition of land by a *public authority*, such acquisition results in a contravention of this By-law relating to minimum *yards* and/or *setback*, *lot coverage* or maximum permitted *gross floor area*, then the lands so acquired shall be deemed to continue to form part of the *lot* upon which the *building* or *buildings* are located in determining compliance with this By-law.

#### 4.14 NON-COMPLYING LOTS

##### 4.14.1 *Non-complying Lots* (104-2008)

A *lot* in existence prior to the effective date of this By-law that does not meet the *lot area*, *lot depth* and/or *lot frontage* requirements of the applicable *Zone*, may be used and *buildings* thereon may be erected, enlarged, repaired or renovated provided the *use* conforms with the By-law and the *buildings* or *structure* comply with all of the other provisions of this By-law.

##### 4.14.2 Non-compliance as a Result of Expropriation

Notwithstanding any other provision of this By-law, where, as a result of the acquisition of part of a *lot* by a *public authority*, the *lot*, after the acquisition, is a *non-complying lot*, such *non-complying lot* may be used for any purpose permitted by this By-law within the *Zone* in which the *lot* is located.

#### 4.15 NON-CONFORMING USES

No land, *building* or *structure* shall be used except in conformity with the provisions of this By-law unless such *use* legally existed prior to the date of passing of this By-law and provided that it continues to be used uninterrupted for such purpose, and that such *use*, when originally established, was not contrary to a By-law passed under Section 34 of the Planning Act, R.S.O 1990, cP. 13 or a predecessor thereof that was in force at that time.

##### 4.16 **PUBLIC USES** (109-2004)(73-2009)(105-2009)(157-2009)

The provisions of this By-law shall not apply to prevent the *public use* of any land, *building* or *structure* by any *public authority* provided that:

- i) *Accessory Outdoor Storage* may be permitted, except where the property abuts a Residential *Zone*, or in the case of a roof-top patio/terrace it shall not be located on lands abutting a Residential *Zone*;
- ii) Notwithstanding the above provisions, *buildings* and *structures* which are used for the storage of road maintenance materials within a public works yard owned by a *public authority* are exempt from the *height* requirements of this By-law;
- iii) Nothing in this By-law shall prevent a *public authority* from providing or using land as a street nor prevent the installation of a utility main including a water main, sanitary

sewer, storm sewer, gas main, pipeline or overhead or underground hydro, telephone or other utility supply or communication line;

- iv) Such *use, building or structure* located on *lots* less than 3.0ha, shall comply with the *Zone Standards* of the I-A (Institutional Minor) *Zone*;
- v) Such *use, building or structure* is located on *lots* 3.0ha or greater, shall comply with the *Zone Standards* of the I-B (Institutional Major) *Zone*; and,
- vi) Such *use, building or structure* shall comply with the provisions of Sections 4 and 5 of this By-law.

**4.17 DAYLIGHTING**

*Daylighting triangles or daylighting radii* shall be required in accordance with the following provisions:

- i) For the purposes of determining *lot frontage, lot depth and lot area* only, for a *corner lot* with *corner daylight radii*, the *daylight radii* is deemed not to exist;
- ii) Notwithstanding any other provision of this by-law, no encroachment shall be permitted in a *daylight triangle or radius* above *grade* including but not limited to *buildings or structures, stairs, and plantings*; and,
- iii) The size of the required *daylighting triangle or daylighting radius* shall be in accordance with the following:

**TABLE 4G**

<b>DAYLIGHTING TYPE</b>	<b>CONDITION (Street Type / Street Type)</b>	<b>DAYLIGHTING REQUIREMENTS (m – measurement type)</b>
<b>Street</b>	<i>Laneway / Local</i>	5m – Radius
	<i>Local / Local</i>	5m – Radius
	<i>Local / Collector</i>	7m – Radius
	<i>Local / Arterial</i>	7m – Radius
	<i>Collector / Collector</i>	10m – Radius
	<i>Collector / Arterial</i>	10m – Triangle
	<i>Arterial / Arterial or Major Arterial or Highway</i>	10m – Triangle

<b>DAYLIGHTING TYPE</b>	<b>CONDITION (Street Type / Street Type)</b>	<b>DAYLIGHTING REQUIREMENTS (m – measurement type)</b>

**5.16.3 Location of Accessible Parking Spaces (155-2012)**

Accessible parking spaces for persons with a disability shall be located in proximity to the primary entrance(s) to a *building* together with an unobstructed access sidewalk along the façade of the *building* sufficiently wide so that 2.2m is maintained between the *building face* and the adjacent vehicles.

**5.17 LOADING SPACE REQUIREMENTS (12-2005)**

**5.17.1 Off-street loading spaces**

Off-street *loading spaces* shall be provided in accordance with the standards of this By-law for any use. Required *loading spaces* shall be located on the same *lot* as the use that requires the *loading space* and shall be provided in all Commercial, Employment and Institutional *Zones* as follows:

**TABLE 5I**

<b>Gross Floor Area</b>	<b>Loading Space Requirements</b>
280m <sup>2</sup> or less	0 loading spaces
281m <sup>2</sup> to 930m <sup>2</sup>	0 loading spaces (*1)
931m <sup>2</sup> to 2325m <sup>2</sup>	1 loading space
2326m <sup>2</sup> to 7440m <sup>2</sup>	2 loading spaces
7,441m <sup>2</sup> or greater	3 loading spaces plus 1 additional loading space for each additional 9,300m <sup>2</sup> or fraction thereof in excess of 7441m <sup>2</sup>

Footnotes to Table 5H

(\*1) Designated *loading spaces* are not required provided that a loading area independent of any required *parking spaces* is provided within 15.0m of the *building* for which the loading area is to be used.

**5.17.2 Size Of Loading Space / Loading Area (12-2005)**

Each *loading space* shall be a minimum of 12m long, 3.5m wide and have a vertical clearance of at least 4.2m, except where only 1 *loading space* is required the *loading space* may be reduced to a minimum of 6.0m long, 3.5m wide and have a vertical clearance of at least 3.0m.

**5.17.3 Location Of Loading Spaces (109-2004)(105-2009)**

Required *loading spaces* shall be provided in accordance with the following provisions:

- i) Such loading spaces shall be located on the same *lot* for the *use* or *building* for which it is required;
- ii) Such *loading spaces* shall be located within 20m of the *use* or *building* for which it is required;
- iii) Such *loading spaces* shall not be located in a *required yard* with the exception of where only 1 *loading space* is required and is 6.0m long, 3.5m wide and has a vertical clearance of at least 3.0m, such *loading space* shall comply with the *parking area* location provisions of Table 5C;
- iv) Such *loading spaces* shall not be provided within a *building*;
- v) Such *Loading spaces* shall not obstruct any required *parking spaces* or vehicular movement on the *lot*;
- vi) Such *loading spaces* are located no closer than 20m from any *street line*; and,
- vii) In all *Zones*, with the exception of the M2 *Zone*, *loading spaces* are not permitted in the *front yard* or *exterior side yard* and loading bay doors are not permitted on any wall facing a *street*, unless both the *loading space* and loading bay door are screened from a *public street*.

**5.17.4 Access To Loading Spaces (12-2005)**

Where a *loading space(s)* is required, the access to the *loading space(s)* shall be provided in accordance with the following provisions:

- i) The access to the *loading space* shall be provided by means of a *driveway* that is a minimum of 6.0m wide in the *Employment Zones* and *Institutional Zones* and a minimum of 3.5m wide in a *Commercial Zone*;
- ii) Adequate space shall be provided for the parking of *motor vehicles* awaiting access to a *loading space(s)*; and,
- iii) *Motor vehicles* must be able to enter and leave the property in a forward motion.

**5.17.5 Setbacks When Abutting Residential Zones**

In any *Zone where a loading space is provided*, such *loading space* shall not be located any closer than 18m to any *lot line* of an abutting *Residential Zone*, with the exception of the *C1-A, C1-B, C3, and I-A Zones*.

**5.18 ADDITIONS TO BUILDINGS**

- i) The parking and *loading space* requirements of this By-law shall not apply to any *building* in existence at the date of passing of this By-law so long as the *floor area*, as it existed at such date, is not increased nor the *building* or *structure* is used for a purpose that requires more *parking spaces*;
- ii) If an addition is made to the *building* that increases the *floor area*, additional parking and *loading spaces* shall be provided for the additional *floor area* as required by the regulations of this By-law;
- iii) Notwithstanding ii) above, where an addition is proposed for a single unit *industrial use*, the existing *floor area* may be used in the calculation of parking requirements.

## SECTION 6 RESIDENTIAL ZONES

A number(s) following the *zone* standard, *zone* heading or description of the standard, indicates an additional *Zone* requirement. These additional standards are listed at the end of each table within Section 6.2.

No person shall within any Residential *Zone* use any land, or erect, alter or use any *building* or *structure* except in accordance with the following provisions:

### 6.1 PERMITTED USES (109-2004)(12-2005)(104-2008)(73-2009)(059-2019)(057-2022)

Uses permitted in a *Zone* are noted by the symbol ‘•’ in the column applicable to that *Zone* and corresponding with the row for a specific permitted use. A number(s) following the symbol ‘•’, *Zone* heading or identified permitted use, indicates that one or more conditions apply to the use noted or, in some cases, to the entire *Zone*. Conditions are listed below the Permitted Use Table.

## 6.3 SPECIAL RESIDENTIAL PROVISIONS

### 6.3.1 Street Front Treatment Of Residential *Buildings*

All residential *buildings* in the RMD1 zone must comply with one or more of the following *street* front treatment provisions with respect to each housing type:

#### 6.3.1.1 Detached Dwellings:

- i) The *dwelling* shall have a minimum *dwelling face* (which may include the *porch/veranda*) of 4.5m; OR
- ii) No more than 60% of the main floor *building face* is to be used for the garage portion of the elevation;
- iii) In the case of ii) above, the *dwelling face* or *porch/veranda* must extend a minimum of 1.5m closer to the *street line* than the garage portion and living space must be provided above the *dwelling face* and/or *porch/veranda* having a *setback* from the *dwelling face* of not more than 3.5m.

#### 6.3.1.2 Semi-Detached Dwellings:

- i) Each *dwelling unit* shall have a minimum *dwelling face* (which may include the *porch/veranda*) of 4.0m; OR
- ii) No more than 60% of the main floor *building face* is to be used for the garage portion of the elevation;
- iii) In the case of ii) above, one of the following must also be satisfied:
  - a) The *dwelling face* or *porch* must extend a minimum of 1.5m closer to the *street line* than the garage portion and living space must be provided above the *dwelling face* and/or *porch/veranda* having a *setback* from the *dwelling face* of not more than 3.5m, OR
  - b) The garage portions must be separated with a resulting aggregate *dwelling face* for two units to achieve a minimum of 4.9m in width. Such *dwelling faces* must extend a minimum of 3.5m closer to the *street line* than the garage portion.

#### 6.3.1.3 Townhouses:

- i) A minimum of 3.5m of the main floor *building face* must be *dwelling face*; OR,
- ii) No more than 60% of the main floor *building face* is to be used for the garage portion of the elevation;
- iii) In the case of ii) above, the following must also be satisfied:
  - a) The *dwelling face* or *porch* of the end units must extend a minimum of 1.5m closer to the *street line* than the garage portion of all units in the row, and living space must be provided above the *dwelling face* and/or *porch* having a *setback* from the *dwelling face* of not more than 3.5m.

### **6.3.2 Townhouses, Back-to-Back (39-2004)**

#### **6.3.2.1 Air Conditioners and Heat Pumps**

Air conditioning and heat exchange units are permitted to be located in an *interior side yard*. For *dwellings* that do not have an *interior side yard*, air conditioning and heat exchange units may be located in a *front yard* or *exterior side yard*. In addition, such units are permitted to encroach up to 0.6m into any *required yard*.

#### **6.3.2.2 Balconies**

- i) *Balconies* are permitted in the exterior side yard and front yard;
- ii) *Balconies* may encroach to a maximum of 2.0m into the *required exterior side yard* and up to a maximum of 2.5m into the *required front yard*;
- iii) Notwithstanding the foregoing, a *balcony* located on top of a *porch/veranda* may encroach to the same extent and may include vertical supports.

#### **6.3.2.3 Porches/Verandas**

- i) Porches/Verandas are permitted in the exterior side yard and front yard;
- ii) *Porches/Verandas* are permitted to encroach up to 60% of the *required exterior side yard*, but at no time shall be closer than 1.0m to the *property line*;
- iii) *Porches/Verandas* are permitted to encroach up to 60% of the *required front yard*, but at no time shall be closer than 2.0m to the *property line*.

#### **6.3.2.4 Encroachments of Bay or Boxed Windows Into Required Yards**

*Bay Windows* or boxed windows may encroach into a *required yard* up to a maximum of 1.0m for a width of up to 4.0m.

### **6.3.3 Lane Based Single Detached Dwelling:**

#### **6.3.3.1 Special Regulations for Attached Garages and Carports (105-2009)(156-2009)**

Notwithstanding the provisions set out in Section 4.1.1.2, an *attached garage* and *carport* not exceeding the *height* of the *principal building* shall be located no closer than 0.6m from the *interior side lot line*.

SECTION 7  
COMMERCIAL ZONES

---

---

No person shall within any Commercial Zone use any land, or erect, alter or use any building or structure except in accordance with the following provisions:

**7.1 PERMITTED USES** (OMB ORDER 1762)(109-2004)(12-2005)(47-2005)  
(104-2008)(059-2019)(057-2022)

Uses permitted in a Zone are noted by the symbol ‘•’ in the column applicable to that Zone and corresponding with the row for a specific permitted use. A number(s) following the symbol ‘•’ , Zone heading or identified permitted use, indicates that one or more conditions apply to the use noted or, in some cases, to the entire Zone. Conditions are listed below the Permitted Use Table.

**7.3 SPECIAL COMMERCIAL PROVISIONS (155-2012)**

The street elevation of commercial *buildings* in all Commercial *Zones* shall be designed in accordance with the following provisions:

**7.3.1 Openings (12-2005)**

i) Openings shall be provided as follows:

**TABLE 7E**

<b>Zone(s)</b>	<b>Minimum % of the length of a ground floor wall facing a street that shall contain openings</b>	<b>Maximum Height of Opening</b>
C1-A, C1-B, C3	40%	3.5 m
C1-D, C1-E, C1-F, C4	50%	4.0 m
C1-C, C2, C5, C6	30%	No maximum

ii) For the purposes of this provision, openings are defined as those portions of a wall that are open from the outside to the inside and comprised of vision or non-vision glass, such as windows, doors, spandrel panels, entrance features or any combination thereof.

**7.3.2 Service Areas:**

Service areas for delivery, *loading spaces* and *waste storage facilities* shall not be located in the *front* or *exterior side yards* unless completely screened from view by a wall attached to and forming part of the main *building* and by a perimeter *landscaping buffer* and must be separated from pedestrian areas and walkways.

**7.3.3 Open Storage:**

No open storage of goods, materials or *wastes* shall be permitted.

**7.3.4 Outdoor Display Area Regulations:**

An *outdoor display area* accessory to a permitted retail *use* may be permitted in any *yard*, provided:

- i) The area must be located within 12.0m of the *building* containing the principal *use*;
- ii) The area shall be no closer than 15.0m to a Residential *Zone*;
- iii) The area must not be located in a *required yard*;
- iv) The area must be located outside of any required parking and/or loading areas or any required *landscaped open space*; and,
- v) If located in the required *front yard*, the *outdoor display area* does not obstruct pedestrian and vehicular traffic.

SECTION 11  
GREENLANDS ZONES

No person shall within any Greenlands *Zone* use any land, or erect, alter or use any *building* or *structure* except in accordance with the following provisions:

**11.1 PERMITTED USES (12-2005)(96-2010)**

Uses permitted in a *Zone* are noted by the symbol ‘•’ in the column applicable to that *Zone* and corresponding with the row for a specific permitted *use*. A number(s) following the symbol ‘•’, *Zone* heading or identified permitted *use*, indicates that one or more conditions apply to the *use* noted or, in some cases, to the entire *Zone*. Conditions are listed below the Permitted *Use* Table.

(\*1) The adding of any additional *floor area* to an existing *building*, or the establishment of any new *accessory building or structure* or any alteration to the location of any tee, fairway, landing area or hole associated with a *golf course* is subject to the regulations of the applicable *Conservation Authority*.

(\*2) Subject to the provisions of the Regional Tree Cutting By-law, as amended.

(\*3) A new single *detached dwelling* is only permitted on an existing *lot*.

(\*4) deleted (007-2012)

**11.2 ZONE STANDARDS (104-2008)**

A number(s) following the *Zone* standard, *Zone* heading or description of the standard, indicates an additional *Zone* requirement. These additional standards are listed at the end of Section 11.2.

No person shall within any Greenlands A, Greenlands B, Open Space or *Golf Course Zone* use any *lot* or erect, alter, use any *building* or *structure* except in accordance with the following *Zone* provisions:

### 13.2 HOLDING PROVISIONS (4-2009)(101-2009)(96-2010)

Notwithstanding any other provision in this By-law, where a Zone symbol is followed by the letter “H” and a number, such as M2-H1 or A1-H2, no person shall use the land to which the letter (H) applies for any use other than the use which legally existed on the date this By-law was passed or for a model home on a lot within a Draft Approved plan of subdivision, until the (H) Holding Provision is removed in accordance with the policies of the Official Plan and the Planning Act, as amended

*Council* may pass a By-law pursuant to Section 36 of the Planning Act to remove the Holding (H) Symbol, thereby placing the lands in the *zone* indicated by the *zone* symbol, when all of the applicable requirements have been met. For the purposes of this By-law, the following references constitute the conditions for removal:

- “H1” – Shall not be removed until the Town has received a copy of a notice from Halton Region’s Commissioner of Public Works to the owner of the land that either:
  - a) development of the lands is able to proceed by the issuance of a building permit with residential water/waste water capacity, or
  - b) the Milton Release Projects under Halton Region’s Allocation Program will be operational within twelve (12) months of the giving of such notice.
- “H2” – Shall not be removed until a development plan has been provided to the satisfaction of the Town of Milton.
- “H3” – Shall not be removed until a development plan has been provided to the satisfaction of the Town of Milton, which reflects among other matters compliance with urban design guidelines and a high quality of landscape site development abutting Regional Road 25.
- “H4” – Shall not be removed until a Noise Study, a Functional Servicing Report and Plan, a Stormwater Management Report and Plan and a Traffic Study have been submitted and approved to the satisfaction of the Town of Milton.
- “H5” – Shall not be removed until a detailed Woodlot Assessment Study has been submitted and the woodlot boundary has been established to the satisfaction of the applicable *Conservation Authority* and the Town of Milton.
- “H6” – Shall not be removed until a development plan has been provided to the satisfaction of the Town of Milton which reflects among other matters access requirements by the Town and/or Halton Region consistent with the proposed use or uses, compliance with urban design guidelines, a high quality of landscape site development abutting arterial and/or collector roads and a high quality landscape/noise attenuation buffer abutting a residential *zone* or use.
- “H7” – Shall not be removed until:
  - a) The Region of Halton has advised that they are satisfied with the Owner’s Environmental Adaptive Management Plan with respect to the property;
  - b) The conditions in Appendix 4 to report PD-01 1-08 have been satisfied to the satisfaction of Conservation Halton and Halton Region and the Director of Planning and Development or Town Council is prepared to approve the Site Plan for the development and the use of a golf course on the lands and the

- Owner has entered into a site plan agreement with the Town with respect to the golf course and has posted the associated securities, and;
- c) The Owner has satisfied all of its obligations pursuant to the Tree Compensation Agreement between the Owner and the Town.

- “H8” – Shall not be removed until:  
The Region of Halton has advised that they have received to their satisfaction, confirmation from the Ministry of Tourism, Culture and Sport (MTCS) by way of a Letter of Review and Entry into the Ontario Public Register of Archaeological Reports from MTCS that the site does not contain archaeological resources, or if it does contain such resources, that satisfactory arrangements have been made regarding them.
- “H9” – Shall not be removed until:  
The Region of Halton has advised that they are satisfied with the submission of the following documents with respect to the property:
- a) a Phase II Environmental Site Assessment, which identifies and documents the soil quality in the identified area of the property meets applicable site condition standards as referenced in Ontario Regulation 153/04; and,
  - b) a letter of reliance from the authors of the Environmental reports that extend third party liability to Halton Region
- “H10” – The intent of the holding provision “H10” is to ensure that the Environmental Compliance Approval (ECA) has been granted by the Ministry of the Environment (MOE) for the proposed waste transfer station and/or waste storage facility and that the necessary conditions are attached to the ECA to ensure that the site shall be designed, developed, built, operated and maintained in order to ensure public safety and land use compatibility with surrounding land uses is adequately addressed.

The Holding Provision (H10) shall only apply to the additional permitted uses as noted in Section 13.1.1.168 of this By-law and any other permitted uses shall not be subject to this Holding Provision (H10).

- “H10” – Shall not be removed until such time as the applicant has demonstrated to the satisfaction of the Town of Milton that the following conditions are included within the MOE ECA, for this site:
